### **THE HAUNTED HAMBURGER NAMED #1 BURGER RESTAURANT IN ARIZONA**

**COTTONWOOD, Arizona:** The Haunted Group hospitality group, known for putting Jerome and Cottonwood “on the map” as Northern Arizona tourism destinations, announces that its flagship restaurant, The Haunted Hamburger, has been named the #1 Burger Restaurant in Arizona by Ranking Arizona.

Opened in 1994, The Haunted Hamburger is a centerpiece of the revitalization of the mountain town of Jerome. Perched on Cleopatra Hill, high above the Verde Valley, The Haunted Hamburger boasts mile-high views, delicious food, and “boos.”

The Haunted Hamburger was the first of husband-and-wife ownership duo Eric and Michelle Jurisin's restaurant ventures in the Verde Valley and was an instant success. Fans scale the town's

“heart attack stairs” year after year to visit this spirited establishment, which features a menu of traditional American fare. Unmatched Verde Valley views and a host of happy haunts make The Haunted Hamburger a favorite for Phoenicians, locals and travelers, and explain why this restaurant claims the #1 spot for Burger Restaurants by Ranking Arizona.

Ranking Arizona is the result of the largest business opinion poll in Arizona. More than 15,000 companies compete annually and approximately 2,500 winners are profiled. Over one million voters cast their votes based on their opinions of the quality of products and services provided, and with whom they would recommend doing business.

“The companies that are voted into the top ten are those companies whose customers and clients say are the best companies to do business with, in Arizona,” said Mike Atkinson, President and CEO of Az Big Media. “There is no better endorsement in business than one from your customers.”

“This distinction is such an honor,” says Haunted Group owner, Eric Jurisin. “The support and love from our customers has helped The Haunted Hamburger grow to what it is today. We are thankful to have a symbiotic relationship with our guests, who provide us with the feedback we desire to consistently grow and always bring new, distinct experiences to the Verde Valley.”

The Haunted Hamburger is open 11am-9pm daily.
